2023 Art Journal

This art journal belongs to:

What's in the Art Journal?

In 2023 PRC-Salttillo encourages you to Express Yourself with Art!

Download the Art Journal pages from the Chat Corner for art projects, ideas on core words to model on your AAC device, and writing prompts to express your feelings about your art. We will add pages every three months (or quarterly) in 2023, so make sure you check back regularly for more art-inspired things to do and say!

*Get your Art
Journal pages in
the Chat Corner!*

Make an Art Journal

There are two ways to make a PRC-Salttillo Art Journal.

The first way is to print out the front and back cover (pages 1 and 3) of this document to create a journal. Punch holes in all the pages and secure. You can secure your journal using o-rings, a notebook, or whatever else you decide. Then, each quarter print out the Art Journal pages from the Chat Corner. Punch holes in the pages and add them to your printed Art Journal.

The second way you can create an Art Journal is by using a bound notebook or journal. Print the quarterly pages from the Chat Corner. Then, cut and paste the pages into your notebook or journal. Each quarter print and add the new Art Journal pages to your notebook.

You decide how your Art Journal looks and feels. You can add more pages and more art as you go. Remember to have fun expressing yourself with art!
